

August 25, 2009

Dear 4-H'er,

The summer awards trips are past and hopefully the digital film card is in the computer printing great shot of your travels! I hope that all of you enjoyed your 4-H trip. As in the past, part of the deal with accepting the trip is to come back and spread your enthusiasm to other 4-H'ers in Pierce County. You are to talk about your particular experience, if it was WI. Youth Conference, CWF, out of state service learning trips, etc. The State 4-H Office has some videos and slide tape programs on state and national trips that you could use in your presentation. Remember, the Adult Advisors paid your way or at least 70 percent of it, so you need to pay back to the program with your enthusiasm.

You are to talk to your 4-H club and at least one other. You can talk in groups, use slides, power point, pictures, show souvenirs, whatever you choose, but each person should talk twice about their experiences.

Please send in the form below when you complete your talks. You have until **December 1, 2009** to complete your talks.

If you need help making contacts with club leaders, feel free to contact me. There is a club leader list on the back of this letter.

Have fun spreading the word!

Sincerely,

Frank Ginther
